End of Third Quarter

The third quarter ended this past Friday. Final 3rd Quarter report cards can be viewed in JupiterEd by Wednesday, and will be mailed out later this week. Along with those report cards, standardized test scores will also be mailed. Please contact your child's teacher with any questions you may have about report cards or test scores. Parent-Teacher conferences are not scheduled for third quarter, but you are welcome to schedule one with your teacher if you wish. 4th Quarter Cleaning (Committee #1: Gurgel, Ledoux, Ludvigson, Molitor, Pfeiffer).

Science Fair/Band Informance

This year's fair, Science Fair, along with the Band "Informance", will be held on Friday, April 8th, at 7 pm. See teachers' notes about instructions for when to have Science Fair projects at school. Check with your child's teacher with questions. Committee #1 is responsible for serving and cleanup.

Band Informance

Each year the band students research and present information about each piece of music that will be performed. Within the wide variety of styles of the pieces, they will also explore various musical elements and how those impact the piece as a whole. They will also share information about the history of the piece, the composer and any challenges that were encountered when preparing the piece.

Grandparents Day

Grandparents Day is Friday, April 8th. There will be a noon meal served in the Activity Center, with a brief program to follow. Arrival time will be at 11:45. Guests will also be able to view science fair projects, which will be on display for that evening's Science Fair/Band Informance (7 p.m.) All families were asked to reply by this past Friday with the number and names of grandparents that will be attending. If you have not done so, please reply to Mr. Thurow as soon as possible. If grandparents are not able to attend, student may invite a special adult guest in their place.

Reminder

Please continue to be vigilant in checking your children for symptoms of COVID or of any other flu-like symptoms. Keep your children home when they are sick. Students who are coughing regularly should stay home. Rapid, at-home COVID tests are available through the school to all families (both kinds—for use with phone app, and without). Please report to school any positive COVID cases and follow the guidelines for isolation in our handbook. As always, report to the school the reason for any absence due to illness, as well as your child's symptoms. Thank you.
