Save - Jugs and Cardboard Tubes!

Please save your **gallon-sized opaque plastic jugs (by the end of this week)** for a future garden project! Rinse them out well, dry, and place in the bin in the lunch room area. Any questions can be directed to Rachel Arndt. Also please save any **paper towel, toilet paper, gift wrapping rolls!** They can be placed in the bin as well. These will be used for play prep. Any questions can be directed to Eleise Aymond.

Grades 5-8 Skiing Field Trip

The 5th—8th graders' ski field trip is still on for Friday! We will be at the hill from 9 am until 2:30 pm and will return to school by 3 pm for normal dismissal. Ski and helmet rental, as well as a lift ticket is included with the field trip. Students will receive a comprehensive lesson, so all students will learn to ski, even if they have never skied before. Once they have completed the lesson, they will be skiing for the rest of the day. There will be adult skiing chaperones from Berea coming along. Lunch can be purchased on-site at the Hyland Grill, a cafeteria style food court, so students should bring money along if they wish to purchase lunch. Ten dollars is usually enough. Lunches may also be brought from home, but they should be brought in a cooler.

Although it looks to be in the 30s and 40s for temperatures on Friday, students should still dress in layers, with a waterproof shell and snowpants. Helmets will be worn by all skiers, so a hat is not necessary. Scarves should **not** be worn.

Ski rental forms are included in this week's folder. **Please fill out and send back the rental form by Friday morning.** Rental forms for parent chaperones are also included in the folders.

Standardized Testing

Standardized testing has been completed. Look for score reports to be distributed sometime in March.
